Lead Template
Professional Practice Statement

QUEENSLAND COLLEGE OF TEACHERS

The professional practice statement will describe an applicant's practice and demonstrate that the applicant has continued to demonstrate the abilities, experience, knowledge, and skills in the Standards at the relevant career stage during the five-year period of certification. The professional practice statement will include:

- At least three detailed written examples of the applicant's practice that demonstrate their practice, and the impact of their practice, on student outcomes and the practice of colleagues.
- Provide context for the examples (e.g. school, role, class context).

Applicants are requested to not provide evidence items (e.g., unit plan, lesson plan) with your written statement. Use a new template for each example.

Applicants need to consider the professional capabilities of the Highly Accomplished Teacher outlined in the *Guidelines for the Renewal of Certification of Highly Accomplished and Lead Teachers by the Queensland College of Teachers*. The applicant may discuss their Lead Initiative in this statement.
