Artefact 1C(2): Moderate assessment in Year 8 Physics Artefact 1C(2) - M...	To moderate the assessment from Artefact 1C(1) I **organised a moderation activity (5.3)** whereby colleagues blind marked three sample exams drawn from three different classes to evaluate if **consistent and comparable judgements of student learning (5.3)** had been made. Artefact 1C(2) shows how this was organised between colleagues, and how I collated the moderation results and presented them at the Year 8 team meeting. During discussions in the meeting **consistent and comparable judgements were supported (5.3)** by discussion of +/- grade boundaries and application of the marking guide. **85 words**	5.3 Organise assessment moderation activities that support consistent and comparable judgements of student learning
