Engagement with the profession⁴

Each year the QCT engages with registered and preservice teachers across Queensland to develop understanding about the use of APST across career stages and to enhance understanding of registration requirements for teachers. Engagement in 2023 was primarily through online presentations, webinars, reference groups and the provision of digital and print resources.

World Teachers' Day

World Teachers' Day (WTD) recognises the valuable contributions teachers make to their communities. The event is celebrated on the last Friday in October. The QCT partnered with the Queensland Department of Education, Independent Schools Queensland, Queensland Catholic Education, Queensland Teachers Union and Independent Education Union (QLD & NT) to present a promotional campaign that included distribution of commemorative ribbons, downloadable digital assets, a social media campaign and the lighting of local landmarks across the state in the campaign's colours.

TEACHX AWARDS

Nominations across school sectors

	Independent	Catholic	State	Total
2022	65	45	181	293
2021	58	38	172	268

The **QCT eNews** was distributed to registered teachers through **six** sends in 2023. The digital newsletter's content included information about the TEACHX Awards, professional standards and conduct, registration requirements, teacher-focused feature articles, disciplinary matters, and messages from the Chair of the QCT Board and the Director.
