

Name of provider	Reporting period	Engagement expenditure incurred during the		Benefits of engagement	Notes
		reporting period (\$)	Purpose of engagement		
EY	2025	156,210.00	Financial Optimisation Review Project	QCT undertook a financial modelling activity to optimise our future financial security including efficiencies and maximising revenue. The QCT's expected benefit of this service is to leverage EY's financial expertise in financial modelling and forecasting and provide management with a financial model to support financial sustainability in future years.	
BDO Consulting	2025	92,106.00	Digital Strategy 2026-2028	QCT engaged BDO to develop a Digital Strategy 2026-2028 to support QCT's transition to full digitisation as a contemporary regulator. QCT benefited from BDO's leading expertise in digital transformation where inhouse capability is limited. This will provide a roadmap for QCT to fully implement digital transformation and provide quality processes for teachers to apply for teacher registration in Queensland and for our staff to work in a contemporary and agile way.	
Presync	2025	42,000.00	Accommodation maximisation	QCT engaged Preync to assist with consideration of current leased accommodation space to maximise the usage and ways of working to support a hybrid work force. QCT will benefit from this engagement as a cost saving measure, being more efficient with resources and supporting our staff to work in a contemporary way. QCT will also benefit from being able to remain at our current leased accommodation and avoid the cost of relocation and lost productivity associated with this.	
Australian Survey Research Group Pty Ltd	2025	23,515.00	Stakeholder satisfaction survey	QCT engaged Australian Survey Research to undertake the biennial stakeholder engagement survey - engaging with QCT Stakeholders to complete the survey anonymously about the quality of the services and engagement QCT undertakes as well as freetext. QCT benefited from this process to support continuous improvement and communications to stakeholder to meet stakeholder expectations of a contemporary teacher regulator.
